Job Title: 2025 Student Work Experience Summer/Co-op (Post-Secondary)

Location: Kitimat, British Columbia

There's never been a better time to be working with LNG Canada.

Why? We are Canada's first liquified natural gas (LNG) export facility, underpinned by safety, continuous improvement, quality execution and ethics and compliance. Our facility will provide the world with lower carbon, made-in B.C. LNG.

This is your opportunity to be part of history, in an environment that will challenge you to apply all your skills, and where you can learn with a diverse team of highly experienced industry professionals and mentors.

With gratitude and respect LNG Canada acknowledges our facility and will be operated in the traditional territory of the Haisla Nation. We also gratefully acknowledge the First Nations in our project area and along our shipping route.

LNG Canada maintains a healthy, respectful, and safe environment for all our employees, contractors, partners, and communities. Protecting our people, community and our operations is our top priority. We're proud to be the catalyst for a thriving new energy sector, which sets the benchmark for economically, environmentally and socially responsible LNG production.

Our Vision: To be the leading LNG export company in British Columbia and the world.

Our Mission: To set the benchmark for economically, environmentally and socially responsible LNG development in Canada.

Our Values: Respect, collaboration, integrity and safety.

Come join the team making Canadian history!

About the Role

LNG Canada is currently looking for post-secondary students to join our team in Kitimat, BC. Our 2025 student experience summer program will begin in May for a duration of 4 months, or we are open to students enrolled in Co-Operative Education Programs where student availability may differ (e.g. 4, 8, 12 month terms). We have potential opportunities within our Engineering, IMIT/Digital, HSSE, Finance/Business teams.

In our student experience program, you will have a once in a lifetime opportunity to gain hands on experience in the commissioning & start-up of an LNG mega project. You will be able to take the skills you are currently learning in school, put them into practice and develop yourself to support professional growth.

To succeed with us, we need your enthusiasm to:

- Demonstrate personal commitment to HSSE.
- Develop strong working relationships with your team and stakeholders to boost co-operation and a One Team approach.
- Use your ability to utilize flexible thinking with well-developed problem-solving skills.
- Courage to hold strong to views when challenged or challenging others.
- Possess a learner mindset. We have a shared belief that everyone can grow their ability, learn from mistakes & successes, and speak up openly in a safe environment.

Leadership Capabilities

- Excellent communication (verbal and written) and interpersonal skills that **inspire and energize** people and create a clear sense of direction and priorities with a ONE Team approach
- Ability to **positively influence** people, effectively drive work processes and ensure compliance with policies
- **Comfortable with change** and ambiguity such that informed decisions are made without undue delay
- **Courage** to hold strong to views when challenging current practices to encourage exploration of new ideas that drive improvement, i.e., Digitization
- Demonstrate a strong personal commitment to Diversity and Inclusion through **collaboration** across functional and cultural boundaries

To be successful, you will have:

- An ability to work in Kitimat, BC
- High skill level in working with computers including excellent working knowledge of Microsoft Office programs
- Skilled ability to work in excel spreadsheets with large amount of data and attention to detail
- An easy, open and inquisitive attitude with an ability to shift priorities, work under pressure and manage multiple projects
- Excellent written and verbal communication skills with a team player approach and positive attitude
- A key interest in advancing best practices and utilizing leading edge technology
- A curious and flexible mindset, with the ability to adapt quickly to the requirements of the role
- A valid BC Class 5 drivers license is considered an asset

This role requires that you:

- **Be legally entitled to work in Canada (i.e., by way of Canadian citizenship, permanent residency, or valid work permit)**
- Are currently enrolled in a post-secondary education program within one of the following disciplines: Engineering, Business, Administration, Environmental Sciences, Information Technology/Computer Programming or similar program.
- Live in the beautiful District of Stikine (Kitimat/Terrace).
- Depending on the role, have the ability to work outside in all weather conditions, that can include rain, hot weather, cool or dusty days
- Successful completion of a Site Access Alcohol & Drug Test
- Are willing to comply with LNGC's drug-free and harassment-free work environment and comply with all safety policies and procedures.
- Work a 40-hour week: 8 hrs/5 days per week. Some flexibility may be required.
- Work placements will begin in May 2024 for approximately 4 months; however, we are open to students enrolled in Co-Operative Education Programs where student availability may differ (e.g. 4, 8, 12-month terms).
- Know that this is NOT a fly-in, fly-out rotation role.

We Offer:

- A once in a lifetime opportunity to gain hands on working experience on the largest private infrastructure project in Canada
- A strong learning and development culture to support your personal and professional growth including mentorship with industry professionals
- The opportunity to grow your work experience and build a network with trusted industry professionals

About Us:

LNG Canada is a joint venture comprised of Shell Canada Energy (40%) and affiliates of Petronas (25%) PetroChina (15%), Mitsubishi Corporation (15%) and Korea Gas Corporation (5%). The joint venture is building a liquefied natural gas (LNG) export facility in Kitimat, British Columbia.

LNG Canada sets out to be a company of choice for British Columbia and Canada. Safety, shared economic value, environmental performance and social performance are our highest priorities. We have partnered with governments, local communities, and First Nations to maximize shared value.

Do you have a desire to learn and become part of an organization with a supportive and collaborative culture? Concerned you don't meet every job requirement? Studies show diverse candidates are less likely to apply unless they feel they meet every single qualification. LNG Canada hires for character and trains for skill. We're dedicated to attracting a diverse and inclusive workforce, representing the communities in which we live and work. We encourage you to apply today.
