

BC Hydro is looking for a dependable and motivated individual to help operate and maintain our Diesel Generating Station (DGS) in Hartley Bay (HBY). This role is ideal for someone who enjoys hands-on work, values community connection, and is eager to learn. You'll receive comprehensive training and mentorship while gaining valuable experience in power system operations.

Position Details:

- Flexible shifts ranging from 7 to 15 days per month
- Daily working hours between 4 to 7 hours
- Typical pay is \$1,500–\$3,000 per month depending on shifts worked
- Comprehensive 6–12 months of training programs including customized mentorship and hands-on experience

This is a unique opportunity to build technical skills while contributing to a vital service in a culturally rich and remote environment. If you're reliable, safety-focused, and ready to take on a meaningful role, we'd love to hear from you.

Minimum Qualifications:

- Able to work independently with minimal supervision
- Fit for duty and available for 24/7 emergency response while on shift
- Self-motivated with strong organizational skills, including equipment maintenance, operations, and housekeeping
- Familiar with safety standards, including the use of personal protective equipment (PPE)
- Comfortable working in industrial environments and maintaining a safe, organized worksite
- Clear and professional in both verbal and written communication
- Comfortable using basic technology such as Microsoft Office programs, email, and mobile phones
- In possession of a valid Class 5 Driver's License
- Able to successfully complete background checks and drug/alcohol screening

Preference will be given to candidates that have:

- Experience in trades or industrial work such as carpentry, mechanical, electrical, plumbing, or painting
- Hands-on experience operating and maintaining diesel engines
- Familiarity with emergency response procedures, including marine spill response
- Experience storing, shipping, and handling dangerous goods
- Knowledge of BC Hydro operating practices, Local Operating Orders, and Safety Protection Guarantees
- Experience mentoring junior teammates

Interested?

If you're interested and would like to discuss this opportunity with us, please send your resume to Mike at mike.myers@bchydro.com before October 15th, 2025. We welcome and questions and expressions of interest!
